

LEO

If you are harboring a secret desire to assert your independence, the outlook is promising. But you'll need to be patient while Saturn is still in the picture. You have everything you need: charm, concentration, authority. But don't rush things: there's a time for everything.

LIBRA

Your characteristic charm and diplomacy open many doors for you. New friendships are going to be coming your way, but it'll be up to you to keep them. You are going to be in the mood to broaden your social circle, perhaps more so than necessary. Your business affairs could do with a little more investment on your part.

SAGITTARIUS

Uranus will put you in an evasive mood, and you'll be at the whim of your mood swings. You'll also take a sneaking pleasure in muddying the waters to ensure you remain the centre of attention, but be careful you don't fall into your own trap as the other side of the coin may turn out to be tricky to deal with.

PISCES

Stop prevaricating and start focusing on getting what you want: your first priority should be getting things done as quickly and as well as you can. It has to be said that with Uranus and Jupiter on side, your chances of success are high!

"I want to share with you the amazing secret that brought me luck

(a shower of money at the lottery, a love rediscovered and...)

"I won a huge Fortune and I found the Love of my life"

My name is Catherine and I'm 35 years old.

Like many people in this world, I've never had much luck. It would be true to say that words such as "chance", "fortune" and "fluke" weren't part of my vocabulary.

Even when I was a small child, at school, I was stuck every year with the meanest teacher. When something bad happened, I'd get blamed for it.

Later on, when we went out with my friends, I was always the wallflower. Even though I'm not bad-looking and people say I'm a nice person, no one ever asked me to dance.

I'd tried many times, but never won anything at the lottery or on games of chance

Like everybody else, I dreamed of becoming a millionaire one day, playing the lottery, scratch cards, bingo, casino games, sweepstakes and all possible and imaginable games of chance. But my winnings generally amounted to less than the price of a stamp.

Deep down inside, I was still confident. I knew there was a lucky star, my lucky star, shining somewhere just for me. I just had to find it.

As time passed, things got a little better, even though I missed out on some great opportunities at work. Even though years passed without me getting a raise or a promotion. Even though no one in the office recognized my true value and even though my love life was less than fulfilling.

And then, one day, miraculously, Good Fortune came to my aid!

Until the day when quite by chance, I ran into an old flame of mine.

I was in the line-up at the cinema when someone tapped on my shoulder. I turned around and was amazed to see Jack, with whom I'd gone out with briefly a while

back. I hadn't seen him in years. He was coming out of the previous showing and he quickly gave me his phone number so we could meet up again.

Amazed and happy, I watched him drive off in a spectacular and flamboyant new Jaguar. Jack, who was known to everybody as the unlucky, hapless one, who had more debts than all my friends combined, was wearing a designer suit and driving one of the nicest and most expensive cars around. I couldn't believe my eyes.

We met a few days later, on the patio of a café. Jack arrived grinning broadly. As we talked, Jack held a little golden plaque in his hand covered in Hindustani symbols, like a sort of *Talismanor*. I mentioned it and he told me that it was this magical object called a *Talismanor* that had started everything.

After meeting with Maria Duval, a great specialist with occult and esoteric powers, Jack had discovered the *Talismanor*. Since then, thanks to this magic object, everything he touched turned to gold. The proof? His magnificent Jaguar convertible, that big Rolex on his wrist, not to mention his expensive suit.

What did he do for a living? A man of means, after two big wins in a row on the lottery, he had made business investments that were flourishing day by day despite the conditions of today's market.

He asked me how my life was going, and when I told him, without my asking, he gave me the address that allowed me to have the *Talismanor* in my possession today.

With the *Talismanor*, my whole life completely changed overnight

It all seemed too good to be true. I thought about it for a few days and then I said to myself, "why not?" I've nothing to lose and everything to gain. And I soon put my words into action.

Every day, very nervously, I awaited the arrival of the package in my mailbox. And then, what had to happen, happened.

The very moment I picked up my

Talismanor, a strange sensation of warmth and power came over me. I followed the very straightforward instructions to the letter and gradually, like a snake shedding its skin, my metamorphosis began.

Always having been shy, I became more sure of myself. I changed from being a fearful person to becoming a fulfilled individual, happy with myself.

At work I got a promotion and my colleagues started to take an interest in me.

As a test of the power of this amazing object, I played the lottery and bingo! Immediately, a shower of cash rained down on me. I told myself, "it's just *beginner's luck*", so I went back the next week and played. Bingo! Again, I won double what I had won previously!

I won a huge Fortune and I found the Love of my life

Wealth, incredible wealth, is one thing, but what brought me greater joy was finding Love, the Great Love of my life, Ken.

After a stupid argument broke us up, he took a new job overseas and was gone for years.

Miraculously, I bumped into him on the street. It was love at first sight all over again. When he asked me out and started to court me, he didn't even realize how rich I now was.

Today, we're married and we lead an amazing and luxurious lifestyle.

Another incredible and brilliant thing about the *Talismanor* is the protection it offers.

Of course, without fail, as I cashed big wins on top of big wins, some people around me started to change... for the worse: jealousy, nastiness, disapproval, casting curses... Fortunately, each and every time, the extraordinary power of my *Talismanor* repelled and neutralized all these negative and destructive forces against me.

In the words of the great Maria Duval, the lady who saved my life, "*winning is also knowing how to give and share.*" That's why I wanted to share my story with you, and more importantly, tell you

how to get in touch with the amazing Maria Duval.

I've had so much luck and success

Only Maria Duval holds the absolute secret of the *Talismanor*

(an ancestral secret from the mystical and mysterious India...)

At the age of 15, on a trip to India, Maria Duval was initiated into the Magic Rites of the Talisman, creator of amazing Luck. Welcomed by the Hindustani community of Rikishesh, she learned to make and use the *Talismanor*, a miraculous object responsible for launching the greatest fortunes of the Maharajas.

Now, since all these sages are gone, she is the only individual in possession of the secret of how to make and ritualize this extraordinary item.

Acting in accordance with the principle of cosmic and radionic waves, the

Talismanor scans, for instance, the winning combinations of numbers at the lottery and other games of chance and transmits them to your subconscious mind.

The result is that every time you play, you might end up winning some very big Jackpots. And the *Talismanor* also picks up the vibrations of Happiness, Success and Love, etc. which reign in the cosmic universe and stores them in your brain. Once your brain has been charged with positive waves, it develops your potential for Happiness and makes you act in a way that will bring you Success. This is why Maria Duval believes that the

Talismanor is more efficient and powerful than any other magical object.

If you want to become rich and happy, you can't pin your hopes on the white magic formulas of just any kind of magicians or sorcerers. You can depend only on your will, boosted and amplified by the waves emitted by the Higher Spheres of Prosperity and Luck and captured by this incredible and fabulous object of Power.

Maria Duval is currently offering readers of this publication an amazing gift: a risk-free trial – with absolutely no-strings-attached – of the *Talismanor*, along with her 'Confidential Revelation' (the indispensable 'Key' that is going to transform your misfortune into amazing good luck).

Please note: Each *Talismanor* must be made by hand and ritualized. This takes time, so Maria Duval, due to her restrictions of her busy schedule, has made the specific request that you respond before the end of next week (as attested by the post mark).

Past this date, unfortunately (and it would be unfortunate!) you may not be able to benefit from all the amazing and miraculous benefits of the *Talismanor*: wealth, lottery wins, success, love, power, charisma, happiness, increased psychic powers, protection, etc. (please, turn over)
